Dear Paul Serwatka,

Thank you for your request. It will be handled as soon as possible, but Illinois state law allows five (5) business days for a municipality to respond. The municipality may also request an additional five (5) business days if the municipality can demonstrate there are a large number of records or the need for extensive review. If the request is for a commercial purpose, then the municipality has twenty-one (21) business days to respond.

You can monitor the progress of the request using the link below and you'll receive notification once your request has been completed. Again thank you for using the FOIA Center.

CASE# **2016-00035405**

NARRATIVE

On 05/15/16 at 0700 hrs. I (Ofc Picardi #191) was sent to Chicago Logistic Service at 505 Davis Rd. for a past theft of a truck. I arrived and met the caller who was identified as Kenneth Santowski.

Kenneth had received a call earlier that morning from Itasca PD indicating that a truck owned by Chicago Logistics Service was recovered while attempting to steal a trailer from a company by the name of ATI Freight. It was his understanding that the offender had fled and at the time of this report was not in custody. Kenneth responded to the Davis Rd. address and was able to determine that a 2014 Peterbilt model 579 had been stolen the truck had an Illinois plate of P822189. He indicated that truck was white in color and had the name Chicago Logistic Service printed to the side. Kenneth provided the names of an Ofc. Anderson and a Sgt. Macaluso as the investigating officers for Itasca PD. Kenneth was not able to provide any suspect information. The parking lot where the truck was stored is not under video surveillance. Kenneth suspects the offender had access to a key which allowed him to start the truck. He did provide an I Pass transponder history for the truck. The history showed that the truck passed the Elgin Plaza 9 at 1035pm and that it passed the Rt 59 Plaza 14 at 1040pm. A copy of the transponder history will be made a part of this report. I gave Kenneth a copy of the report number and instructions how to make a supplementary report if further information became available which would aid in the investigation.

At EPD I made phone contact with Sgt. Macaluso #116 at 630-773-1004. He indicated that Itasca PD did not have any person in custody. However the tractor was recovered and was currently being stored at the Itasca Public Works Dept. at 411 N. Prospect Ave. Sgt. Macaluso also indicated that his agency was currently processing the truck for physical evidence. He provided the Itasca PD report number of IT-16002732. Sgt. Macaluso was then provided with the EPD report number.

Nothing further to report at this time.

NARRATIVE

On Sunday 5/15/16 at approximately 1719hrs I (Ofc Barnard #346) was dispatched to 501 Davis Rd for possible ET work in reference a stolen vehicle. Upon arrival I met with Kenneth Santowski who advised the following in summary, not verbatim. Santowski said a semi tractor and trailer was stolen from their back lot of the business overnight and later the tractor recovered in another jurisdiction, see the general report for further. Today while in the back lot looking to see if he might locate the locate the lock that was cut from the trailer. He observed two blue latex type gloves in the back lot. He scooped them into a plastic envelope and stapled the envelope closed. Santowski then gave me the envelope containing the two gloves.

I transported the gloves to EPD and placed them into EPD evidence. Nothing further at this time.

ELGIN POLICE DEPARTMENT

CASE SUPPLEMENT REPORT

151 Douglas Avenue
Elgin, IL 60120

CASE# 2016-00035405

NARRATIVE

Det. Baumgartner was assigned the above listed case for follow up investigation.

Upon review of the case facts summary, it was noted that Kenneth Santowski reported the theft of a semi tractor from his business listed as Chicago Logistics Service located at 505 David Rd, Elgin IL. The semi (Power Unit) is described as a 2014 White in color Peterbilt bearing Illinois apportioned plate P822189 with a VIN of 1XPBD49XED193935. The company name was also printed on both doors to the vehicle. It should be noted that the above listed vehicle was not discovered as being stolen until Ken was notified by Itasca Police Department who had located the tractor while it was in the process of taking a trailer from the location of ATI Freight. See the General Incident report for further details.

On 05-20-16, Det. Baumgartner contacted and spoke with Sgt. Walker of the Itasca Police Department. Through conversation with Sgt. Walker, he stated that members of their department were initially in pursuit of the stolen tractor after it was discovered that the semi was attempting to steal a trailer from a location within their jurisdiction. The pursuit was terminated and the unoccupied tractor was recovered at an unknown location in Schaumburg IL. Prior to terminating the pursuit, the unidentified driver threw a bag of keys from the window and onto the pavement which were recovered and will be sent to the ISP Crime Lab in addition to other items located within the cab which included a pair of gloves. Det. Baumgartner requested any and all reports that would be filed reference the incident and Sgt. Walker stated that their is a total of six reports that would be forwarded once they were signed off on. There is no suspect information as of this report. Det. Baumgartner thanked Sgt. Walker for the assistance and the conversation was concluded. Cross reference Itasca Police report number IT-16002732.

Det. Baumgartner contacted and spoke with Ken Santowski reference the investigation. Ken stated that their business does not have any surveillance camera's on the property and was unable to provide any further suspect information. Ken did stated that upon checking the area where the semi trailers were kept, a pair of discarded blue latex gloves were recovered and subsequently turned over to Ofc. Barnard # 346, who then entered the gloves into EPD Evidence. See supplement from Ofc. Barnard for additional details. Ken was asked if any of the mechanics wore those style of gloves at which time Ken stated that his mechanics do wear a similar type of glove, however, the pair which was recovered was not consistent with the type they wear. Det. Baumgartner informed Ken that the gloves would be sent to the ISP Crime Lab for analysis and that it could take up to approximately eight months before the lab report would be complete and that it was possible that no suspect might be identified. Ken was then asked if there was any damage to the tractor where he stated that the semi did not have any damage at all. Ken further stated that his driver had left his wallet containing miscellaneous identification along with an unknown amount of currency inside of the cab which was left untouched. Ken also stated that their company is currently looking into obtaining a video surveillance system for the property at which time the conversation was
